

# NAP™ PRACTITIONER TRAINING

"You can't improve  
what you can't  
measure"

## WHAT IS A NAP™ BRAIN PROFILE ASSESSMENT?

Neuro-agility is about optimizing the brain-based elements that influence the ease, speed & flexibility with which you think, learn & process information. The **Neuro Agility Profile™** assessment is used to optimize mental flexibility & brain fitness. It measures 7 elements of your neurological design & 6 drivers that improve your brain's performance & health.

## WHAT IS NAP™ PRACTITIONER TRAINING?

NAP™ Practitioner Training is a self-paced, online course for people development professionals to learn how to debrief their clients on various NAP™ assessments for adults, students & children. They also learn how to use Neuro-Link's state of the art online Brain Booster Program to develop their client's brain fitness & mental agility.
